

Youth Smashes Stolen Auto

A few hours after he allegedly stole an automobile from the Schultz & Peckham used car lot, Ralph Thomas Edmunds, 17, of 1602 West 21st st., crashed the machine into a car driven by Lily Fuller of Long Beach at 233rd and Narbonne ave., last Saturday night, according to police reports.

on grand theft of auto and cited for not having an operator's license. He was taken in custody by Torrance police and later turned over to the juvenile department of the county sheriff's office.

He managed to smash up Schultz & Peckham's car and damaged Miss Fuller's machine.

The birthday anniversary of Mrs. A. Shiner was celebrated with a dinner party Sunday at the Los Angeles home of her brother-in-law and sister, Mr. and Mrs. W. E. Charles.

Fund to Acquire Industries Here Put to Council

Urging the creation of a special fund to be used to attract industries to Torrance and particularly a grant of \$1,500 at once to acquire another unit of the Doak Aircraft Co., at his Torrance Industrial Properties, William A. Drennan gave the city council Tuesday night some pointers on how industries can be obtained for this city.

His suggestions were contained in a letter to President Dean Sears of the Chamber of Commerce which was forwarded to the council. The communication was filed for future consideration on Councilman George V. Powell's motion.

Drennan reported that two buildings at the Industrial Properties site on Border ave. have been leased, one to the Doak firm and the other to a furniture manufacturing concern. He said that there is keen competition nowadays among cities for plants linked with the rapidly expanding aircraft industry. Donations of acreage, nominal rents, outright cash gifts, property improvements are being used as inducements to the firms for locating in various Southern California cities.

He reported that the Doak firm will lease an additional building on Border ave., south of 222nd st. for more production space to include an assembly plant but the building must be remodeled to permit a 153-foot assembly line. Drennan said this would cost \$2,000 or more and he asked for a \$1,500 contribution, asserting that the taxes accruing the city will be more than this sum in "less than three years."

STROH JOINS CRASH CLUB BY COLLISION

Latest member of the "Police Crash Club" is Chief John Stroh. He was forcibly inducted into the organization, which also has Captain Ernest Ashton and Officers Willard Barnett and C. C. Tolson as members, early Tuesday evening in Los Angeles.

Stroh, returning home from a meeting of peace officers with FBI officials, with Police Chief Elmo Fields of Gardena as a passenger in the department's new Chevrolet sedan, was struck by a Negro motorcyclist at 59th st. and Bonsoalo ave. The police car turned over and both Stroh and Fields were injured.

The local police head suffered a badly bruised elbow and left leg while Fields required hospital treatment. The police car was badly damaged. Stroh said the motorcyclist was riding without lights and struck the police sedan in the rear as the city car was just clearing the intersection. The Negro was knocked unconscious but revived when the ambulance arrived.

Stroh thus joined the department's "Crash Club"—Ashton becoming a member June 20 when he rammed a police car into a freight train, Barnett afflicting July 5 when he figured in a motorcycle-car collision, that resulted in the abandonment of motorcycles by the local department, and Tolson enrolling Sept. 11 when the left front wheel of the department's new Pontiac sedan locked causing the machine to smash into a car driven by George Green of Redondo Beach on Sepulveda Blvd.

12 Cars Pile Up In Fog But Only One Motorist Hurt

(Continued from Page 1-A) tion of Hawthorne about six o'clock in the fog-bound Tuesday morning when Mrs. Weibbaum, driving east on the highway, crashed into his car. A third machine, going west, struck Selby's car. Then the pile up started.

Sinks in Mire One motorist attempting to avoid the motorized "dog-pile" shot off the highway into a ploughed inundated field and promptly sank his car above the floorboards in the mire. Others who observed the multiple collision, skidded into the mess. Some who were just spectators had their machines crashed from the rear by oncoming motorists.

It was several hours before the highway was cleared of the damaged machines and traffic allowed to proceed. The Torrance police received "about 15" calls about the smash-up and both the sheriff's office and Redondo police were notified.

Are you SERVING the Vitamins you PAY FOR?

Prevent vitamin waste —with a CP gas range.

THOUSANDS OF FAMILIES with overflowing tables are actually undernourished for want of proper vitamins. These vitamins, though *actually present* when the food is bought, are being killed by improper cooking methods.

BE SURE THIS DOESN'T HAPPEN in your home. Follow the rules set down by food authorities. It's simple, the vitamin-saving way—with a CP gas range.

YOU CAN REDUCE MEAT SHRINKAGE, for example, as much as 20% through the low temperature roasting made possible by a CP oven. Many vitamins and minerals that might be lost through excessive heat or uneven temperature are thus saved. And even more important, with the new CP top burners you can retain vitamins in vegetables through the "waterless" method. Learn more about the new "health cookery" from a dealer or SOUTHERN CALIFORNIA GAS CO.

WHAT EVERY WOMAN SHOULD KNOW ABOUT VITAMIN-SAVING

- 1 Use little water in cooking.
- 2 Cook vegetables for the shortest possible time.
- 3 Cover utensils to keep air out.
- 4 Avoid unnecessary stirring of vegetables.
- 5 Don't put in baking soda to brighten food colors.
- 6 Start vegetables in boiling water.
- 7 Don't throw away vegetable liquids—use them in soups or cream sauces.
- 8 Keep foods as fresh as possible—use dependable automatic refrigeration.
- 9 Serve plenty of green vegetables.
- 10 Serve foods soon after cooking.
- 11 Broiling is preferable to frying to retain vitamins.
- 12 Low-temperature roasting saves vitamins, minerals.

GAS RANGE

HERE'S YOUR "DREAM" RANGE, with the CP (Certified Performance) seal. CP gas ranges are made in various models by many manufacturers, and each meets 22 specifications to save you time, fuel, and vitamins. Top burners are extra-speedy, give any desired heat instantly. Ovens light automatically, provide controlled heat. Broilers are smokeless. CP Ranges are beautiful in design—easy to keep clean—and cost, on the average, only 1/2 as much to operate as the next-most-discussed method.

In Southern California it's more than 10 to 1 for GAS cooking
